

WHERE DO YOU STAND?

Has your business ever experienced a traumatic incident that has affected the work environment, such as a shooting, suicide, robbery, or an accident?

Yes No

If no, are you aware that if your company has not experienced a crisis or critical incident in the workplace, chances are that within three years -- you will?

If yes, were you able to gauge the full impact the incident had on your business and employees?

Yes No Reduced productivity
Yes No Increased absenteeism
Yes No Negative morale among employees
Yes No Increase lawsuit potential
Yes No Effect on stock price

Do you know what percentage of employees was affected?

Yes No

Did you seek outside intervention? For example, call in trauma counselors?

Yes No

Do you know what signs and symptoms of trauma to look for in individuals after a traumatic incident?

Yes No

Would you know who to call if you needed outside help?

Yes No

Do you have a Crisis Response Plan that is set up specifically for your business, is comprehensive and bought-into by all management?

Yes No

A 'No' answer to any of these questions leaves a workplace vulnerable.

At Trauma Outreach Associates we help mitigate a critical incident from having long lasting implications for your business. Call us and let us help you be prepared.
